Plant Outfitting

Products for safety and effective use of space

We know you're committed to providing a safe work environment and creating a facility that is as effective and efficient as possible. That's why we offer a wide range of plant outfitting products that help keep your employees and products safe, are easy to use, and make good use of your space.

3-A Stainless Steel Equipment Leveling Feet

Our leveling feet are the original sanitary, adjustable leveling feet manufactured in the USA with 3-A symbol authorization and trusted throughout the dairy, food and beverage industries.

- Weld or bolt-mount styles
- Long or short lengths in a variety of common tube and pipe sizes
- Weld or ball toe options
- Load weight options of 500 to 20,000+ lbs. per foot

3-A Stainless Steel Equipment Leveling Jacks

Our innovative stainless steel leveling jacks make raising, lowering, leveling and tilting equipment easier than ever. Go from mobile to secure in no time at all. No tools needed! Simply turn the handle and let the jack do the work.

- Easily raise equipment off casters and lower back into place
- Quickly level equipment or tilt for better drainage
- Load weight of 1,610 lbs. per jack

Floor Drains & Clean Outs

Designed and manufactured for durability, Koss floor drains and clean outs are made to withstand daily lift truck traffic.

- Custom designs/configurations available (trench drains, sump drains)
- Meet or exceed USDA sanitary requirements

Floor Resting Plates

Koss sanitary floor resting plates are specially made for use with our ball foot style of 3-A leveling feet. These sanitary shoes allow for easy, accurate equipment positioning, improve weight distribution and help prevent equipment migration due to vibration.

Manways & Covers

We proudly offer Alfa Laval's range of high-quality manways and covers.

- Oval, circular and rectangular styles in a variety of sizes and frame heights
- For pressure, non-pressure and low-pressure tanks
- Available for both above and below liquid levels
- Can be fitted with sight glass
- 3-A and FDA compliant models available

**We carry Alfa Laval
manways and sight glass.**

Alfa Laval
Manways &
Sight Glass

Sight Glass

We offer Alfa Laval sight glass to provide clear, continuous and unobstructed visibility of processes or products in tanks, vessels or pipe. Early detection and response can help prevent costly downtime.

- Quick and easy to install
- For pressurized, non-pressurized and high-temp tanks and pipe systems
- Made with borosilicate glass according to DIN 7080
- Long-lasting, specially formulated gaskets
- Reliable operation and low maintenance requirements

Stainless Steel Tables & Racks

Any size, any configuration. We custom build sanitary stainless steel tables and racks for a variety of uses. Non-sanitary versions also available.

Tank Vents

When you have a high variability of volume within your tank, we recommend use of a Koss Tank Vent to allow air to freely flow in or out in order to help maintain near ambient pressure. A filter element prevents product contamination.
